OpusWorks® Serving organizations since 1992

Consider OpusWorks if:

- Your organization is driving an initiative like Continuous Improvement, Lean, Problem Solving, or Six Sigma.
- Your organization wants to engage many/all employees in your initiative.
- Your initiative would benefit from better training that wows learners and delivers more immediate value.

Some OpusWorks powered initiatives:

Cargill®

CATERPILLAR®

CiNTAS®
READY FOR THE WORKDAY™

KAMAN

REV
Vehicles for life

U.S. AIR FORCE

- **Cargill's** Continuous Improvement for Everyone ("CI4E") with its 160,000 employees.

- **Caterpillar's** delivery of all-virtual blended learning classes to its global dealer network.

- **Cintas'** delivery of consistent, timely and relevant lean six sigma content to all partners.

- **Kaman's** use of a standard project execution approach that meets strategic goals.

- **REV Group's** efforts to standardize Lean execution across it's many businesses.

- **US Air Force's** mission that every one of its 700,000 airman is an effective problem solver.

How OpusWorks can power your initiative:

- Blended Learning so you can transfer and apply knowledge — White Belt to Master Black Belt, virtual or in-person classes, your instructors or ours - with 100+ multi-lingual e-Modules, instructor materials, and proven class designs.

- Competency Learning (nodes, exercises, workplace activities) so you can build skills and mentor with 17 Basic and 17 Intermediate Competencies. Advanced, Expert, and Master Competency Levels are coming soon.

- Project Tracking so you can guide individuals/teams, connect mentors, assure alignment with strategic goals, highlight intervention needs, track ROI, and automate stakeholder reporting.

- Portal Control so you can systematize best practice processes, use process data to improve real-time, integrate proprietary materials, configure content, encourage performance, and facilitate communications.
